

I am writing with regard to the proposed expansion of LPFM. I am a faithful listener of K-LOVE radio and understand that the proposed priority status would affect my ability to listen to our local K-LOVE station. K-LOVE is currently the only Christian radio station available in our area. A great number of people in this community listen to it and benefit from its ministry daily. If K-LOVE were to be forced off the air, I would no longer have access to Christian music and would count this as a great loss in my daily activity. I urge you to consider any plausible alternatives to giving LPFM stations priority over FM translators. Thank you for the opportunity to offer my comment on this subject.

Sincerely,

Kristie Wright
